THE ART OF AGILE PROJECT MANAGEMENT - 5 LEVELS OF PLANNING

Speaker: Dimitri Ponomareff, PMP, PMI-ACP, Scrum Master

Synopsis : Beyond iteration and daily planning with Agile methodologies like Scrum, there are 3 other levels of planning that help improve customer satisfaction (Vision, Road Map, Release Planning). This session dives into what is expected within each of the 5 levels of planning to help your organization truly benefit from using Agile. The audience will learn to tailor Project Management and Agile techniques to achieve results that will impress their customers.
